Old Business:

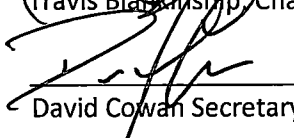

- CEU Class in September
 - Reminder of the CEU class on September 23, 2021
- Service Entrance Wire – Further discussion of the service entrance wire and if it should be in conduit. Discussion of NEC 230.50 and NEC 338.11. The board decided it was at the discretion of the Building Inspector.
- Tyler – all service entrance cable will be in conduit from the meter box into the structure to protect the cable from physical damage.

New Business:

- 2011 NEC and upgrading to 2014 or 2017
 - City staff had provided the board with difference in the NEC 2014-2020 versions and discussion was held about updating the code.
- Board decided they would start the process of updating to the 2014 NEC and asked Tyler to provide them with information for them to start reviewing at their November 2021 meeting.
- Discussion of putting the electricians contact information on the City Web page. All of the electricians were in favor. David will work on getting the information format done.
